Q11 Please set out the changes that you consider are necessary to make the Northampton Local Plan Part 2 Submission Draft document legally compliant and / or sound including revised wording of any policy text, and reasons why the proposed change would make it legally compliant and/or sound. Please be as precise as possible.

The major concern for Hardingstone Parish is the Development at The Green, Great Houghton. (Figure 18, page 101).

Being in the proximity of the Hardingstone SUE, Hampton Green, St. George's Fields, and further developments in Wootton, it would add an unsustainable volume of traffic to the already over-capacity A428 Bedford Road and B526 Newport Pagnell Road, as well as all the other roads leading to the A45 and Junction 15 of the M1.

It can only result in total gridlock with associated air pollution.

There is no feasible possibility of mitigation of this problem, to which developers and planners turn a blind eye. The much-used word "sustainability" seems to have little meaning in practice.

Modal Shift:

Walking and cycle routes are very commendable but have limited appeal, especially in foul weather.

Bus service improvements (Appendix D, T12, T25 etc.) would be useful for travellers to the town centre but many residents would be commuters wanting to access the M1.

Recent cuts to services suggest that these improvements may not be sustainable in the long-term.

Also North Gate Bus station is already inadequate for the present number of buses; where would they operate from?

Considering the increase in population, sensible bus and coach facilities are essential for a town of this size.

Q12 Do you wish to comment on other parts of the draft Local Plan? **Yes**

Please be as precise as possible.

In general:

Has full and proper consultation taken place with Health Services?

Will GP services be able to cope?

Is Northampton General Hospital able to provide care for the population increase? It is working over-capacity now: have they been consulted?

Can the emergency services cover the new development areas? Have they been consulted?

Education: twelve new Primary Schools are earmarked, but only four new Secondary Schools: is this adequate?
