Q14 Please set out the changes that you consider are necessary to make the Northampton Local Plan Part 2 Submission Draft document legally compliant and / or sound including revised wording of any policy text, and reasons why the proposed change would make it legally compliant and/or sound. Please be as precise as possible.

I do not believe the land at St Johns would be appropriate for 12 houses. The land currently provides a natural boundary between Becketts Park and Morrisons (including a petrol station). This natural boundary would be lost and the park opened up to buildings and roads if building were to take place here. With high pollution levels in the town, a loss of trees and plants in locations such as these would be detrimental to resident's health in these locations. The additional traffic of the new residents would also create more problems in an already congested area, where there are already issues with the main pedestrian route to the University and residents of the Marina needing access to this area. Further housing would only compound these issues. There are already complaints from residents nearer the river about noise from the students, and tenants in any new housing, who would face directly onto the main pedestrian student pathway, will only have the same issues and cause more work trying to manage complaints for the council and the University.

With all these issues flagged, I strongly believe the embankment area at St Johns should remain as is, with plants and trees, not housing.
