Q11 Please set out the changes that you consider are necessary to make the Northampton Local Plan Part 2 Submission Draft document legally compliant and / or sound including revised wording of any policy text, and reasons why the proposed change would make it legally compliant and/or sound. Please be as precise as possible.

1) Traffic is a particular issue already along the Bedford Road leading towards the town. Indeed, this is a no-go route in rush hour so the addition of 800 houses, and the likely increase in traffic on this route would be a disaster. Additionally, the exit from the top of the top of the village to the Newport Pagnell Road is already dangerous. Traffic along this route, and at the crossroads with the Preston Deanery road is fast moving and hazardous. This road cannot take any additional traffic without risking a serious rise in road traffic accidents. There is nothing in the plan that I can see that indicates that the traffic to either side of the vilage has been considered/mitigated.

2) There is no assessment of air quality within the region. The existing village is already impacted by the large industrial site at Brackmills, and the volume of existing traffic. This can only get worse with additional housing on this scale and the expected impact on traffic levels.

3) I cannot see any reference to schooling options. The current provision is already over-subscribed. If pupils moving into the area are expected to travel out this will result in an increase in the traffic flow.

4) The likelihood is that the existing vilage will become a through route to the new development causing a risk to the conservation area, a rise in traffic and the likely impact on air quality, a rise in potential road collisions and a rise in the risk to pedestrian safety, particularly as there is no footpath provision to the top end of the village.

5) There is already very little green space left between the Brackmills boundary and the village. If this new development is progressed, the blur between village and town will be almost eradicated meaning the village identify will be lost. With the developments already in place and in progress at Wootton, the boundary between villages and town is in danger of being permanently eroded.
