LAA0205 Parklands Middle School

Using current roads as access to this site will add 10% increase to traffic levels. This is extremely bad at school times when 16 coaches and 100s of cars join the usual residential traffic along Spinney Hill Road. Traffic at the proposed access points would also be congested as Devon Way is very narrow and Oulton Rise is a 'pinch point' especially at the sharp bend at the top. If you factor in that this is also a bus route, you can appreciate the problems local residents would face.

All this would be bad enough after the completion of construction but, when being built, the construction traffic would lead to even worse problems.
