

## Polling Place review – May 2015

### Comments and Complaints

Nature of complaint	Location	Made by	Comments
Access	Lyncrest Nursery School		The school has changed it's Polling station access so that it is now much more limited. Over the many years that my family and I have voted at Lyncrest, a variety of rooms, doors and entrances have been put into play by the school. For example, once it was the main school that was used, and now it is the nursery (reached by a single steeply sloped path). This might have made the difference, as well as the increased security of extra fences which restrict level access.
Queues/Organisation	Kings Meadow school		Poorly laid out. Didn't seem organised. 07:00
Noise/Disturbance	Park Lane, Mobile		Portacabin was removed at midnight on 8th
Access	St Mary's Church Rooms		No wheelchair access or ramp
