Subject: Local plan May 2016

Dear Sir/Madam,

I would like the following to be included in the local plan 2016.

Limit the amount of take away/restaurant establishments allowed in one area/street due to public health. These establishments also generate a lot of waste which is causing problems in the local environment and for local residents.

Limit the amount of Off Licences again due to public health. These establishments sell cheap alcohol and we end up with anti social behaviour, street drinking, violence and empty alcohol cans/bottles littering the estates.

Planning departments to take into account the impact on local residents before giving planning permission for new businesses. Planning departments need to recognise the issues residents face on a daily basis due to their decisions. Parking and refuse is already an issue for residents and the planning department do not include these concerns into any planning decisions they make.

Kind regards

Lisa Bradshaw
