2. **Integrity** – Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.
3. **Objectivity** – In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

17. Informal Complaints (handled by Area Group)

17.1 Any member of the Forum is encouraged to bring concerns to the notice of a member of their Area Group.

17.2 All complaints will be acknowledged within 48 hours.

17.3 The person receiving the complaint will convey the matter to the Chair, minute-taker and one other Area Group member within 2 working days and one of these people will endeavour to contact the person expressing concern within a further 2 working days.

17.4 Every effort will be made to resolve issues at this informal stage. The ethos of the Forum is that we will always listen to, discuss and take seriously any issues brought to our attention. Formal records of informal complaints are rarely kept. Where it is perceived there is a requirement to keep a record of correspondence and statements, the complaint will normally have escalated to being a formal complaint.

18. Formal Complaints (handled by the Facilitation Group)

- 18.1 If the complaint has not been resolved by informal discussion, then it may be made into a Formal Complaint on completion of the Notification of an Official Complaint form. This form is available from the Forum Chair or any member of the Facilitation Group.
- 18.2 If the formal complaint or concern cannot be resolved within three weeks, the matter will be referred to the Facilitation Group. They will then contact the person making the complaint, usually within 10 working days, to discuss the matter and review the information gathered and matters already discussed. They will keep a record of the complaint alongside any correspondence and statements, storing these confidentially. It is hoped that this investigation will bring about a resolution. The person responding to the Formal Complaint, will make a confidential written record of the discussion and a copy of this will be given to the person making the complaint, indicating the date the matter was resolved.

19. Panel-hearing (Forum Officers)

- 19.1 If there is no resolution of the formal complaint then the complaint can be referred to the Forum Officers (Chair, Treasurer or Secretary). The Officers will conduct a further investigation and/or review the information provided by the person who has heard the Formal Complaint or the person making the complaint, including any statements provided. This normally will be completed within a further 10 working days. Once the Forum Officers have collected all relevant information together, and have reviewed all aspects of the complaint, they will make a decision regarding the complaint. They will communicate this decision in writing to the person making the complaint within a further 5 working days, outlining the reasons for the decision and keeping a confidential record of the matter. The person involved in the complaint will be given a copy of any findings and recommendations.
- 19.2 The Forum will not investigate an anonymous complaint.

20. Conflicts of interest

- 20.1 The Secretary will keep a Register of Forum Members' Interests, which will be annually updated. Details of any financial or business interests in the Area, or any other interest which could be deemed to have an influence on decisions likely to come before the Forum or Area group meetings, must be declared.
- 20.2 Members must declare any potential conflict of interest prior to the start of the Forum or sub-group meetings. Members will abstain from voting on any matter in which they have a financial or business interest, and may be excluded from the discussion.

21. Data Protection

21.1 All personal data acquired by Semilong & Trinity Neighbourhood Forum from the membership form shall only be used for the purposes of contacting members by email or phone for Semilong & Trinity Neighbourhood Forum business only.

21.2 The Forum will act in accordance with Northampton Borough Council's Data Protection Policy.

22. Duration and dissolution

Appendix 1: Background to the Forum

Since April 2012 (under the Localism Act) local communities have been able to produce a Neighbourhood Plan for their local area, putting into place planning policies for the future development and growth of the neighbourhood. A Neighbourhood Plan relates to the use and development of land and associated social, economic and environmental issues. It can include housing, employment, heritage and transport. It can also focus on one or two issues of particular importance in a local area.

The growth and development of two Academy schools, an existing school for special needs children and Bosworth Independent College means that in the next few years there will be upwards of 4,000 children and young people going to and from schools and the college in the area. Safety of these pupils and students walking or cycling, and the management of traffic is a priority.

The development of the University site on St George's Avenue will provide 200 dwellings, meaning more people and families in the area. The loss of family homes to houses in multiple occupation (HiMOs), particularly in Semilong, creates a loss of community spirit due to the transient nature of many of these residents. Additional homes are needed for the families of future students of the International Academy on Barrack Road to reduce travelling and its impact on the environment.

The Racecourse is a vital green space in the area, enjoyed by thousands of local residents and visitors each month. The preservation of this facility in the face of future developments and changes is a high priority.

Behind St George's Avenue, there is a longstanding Wildlife Area, which includes foxes, badgers and many other types of wildlife important to the ecology of the area.

With the prospect of several factors affecting the neighbourhood in the next few years the formation of a Neighbourhood Plan was seen as a way for local residents to have a say in how these developments and changes would be managed, for the benefit of current and future citizens.

The value of a Neighbourhood Plan is that it sits within planning law alongside the Local Plan, the Joint Core Strategy and the Northampton Central Area Plan. If there is a Neighbourhood Plan in place any CIL (Community Infrastructure Levy) from building development is allocated at 25% to the local area instead of 15% if there is no Neighbourhood Plan in place. This is significant funding to implement the aims and vision of a Neighbourhood Plan.

There is also funding from the government, managed by Locality, for consultation, professional help and advice and the preparation of plans.
